Stones Seven (Kildondan Chronicles) Ruth McIntyre Williams

Fiona leans into the hempen rope that runs across her back and around one leg. Step by step, she makes her way down the sheer cliff. Sea winds slam her against the wall. The rope skins and bloodies her hands.

She drops from the too short rope to a narrow ledge washed by the sea, and lies in a heap on the granite shelf. Waves roll over her outstretched arm. A talisman stone of the Mêrthyr glows from a woven golden chain lying around her neck. This stone orders her life and her destiny. She must walk her fated path, or die.

Fiona follows prophecies and spirit messages from the dead in her struggle to find the mythical island-city of Iodha, fabled home of the Mêrthyr. Fiona is not alone in this quest. Somewhere in Kildonan, six other Mêrthyr stones destine their bearers to the same fate, the fate of the Stones Seven.

Stones Seven is set in the mythical land of Kildonan, which has the flavor of early Medieval Scotland. Fiona, Arrochar, and other seekers band together to form a troupe of wandering players, the Nonesuch Players. They live off the land, get trapped underground, sleep in the snow, get lost at sea and endure many hardships in their quest for the rest of the Seven Stones and the lost city.
