Avestine ruled an empire, but can she subjugate the god of Chaos?

Kami has come looking for a hero. What she finds is an outlaw with a vicious agenda. Despite her disillusionment, Kami can't seem to free herself from Avestine's power. No one can. What compels Kami compels the world. Until it doesn't. With time and the machinations of Avestine's mad brother, the world is changing. Kami is changing. Only one decision remains: seek peace or seek freedom. The world will never have both as long as the gods are alive in the world.

At 30 years old, Avestine was the heir of the Architect and venerated as the Emissary of the god Arujan, but her brother managed to kill their father, seize the throne for his own, and make his sister an outlaw. Ten years later, she's still on the run, hiding out among villages of the Trade Quarter, when Darklaw legions arrive in her brother's bid for new territory.

Kami is a young woman also on the run after the legions destroy her village. Driven by hero-worship and rumors, she arrives in a seedy city seeking the legendary Avestine. Kami has nothing left except the hope that Avestine can help her return to her village safely, since Avestine once saved the coast from an assault.

But what she finds is no hero. Avestine is cruel and narcissistic, and Kami will face traumatic moments of compromise and loss. Avestine, too, will be forever changed by the presence of the young woman whose touch thrills and whose absence devastates her. But neither is prepared for the unprecedented powers coming to life within them.

More than mere hero-worship drives Kami and more than mere ambition drives Avestine when they meet and form a tumultuous relationship that will make them lovers and enemies for the rest of their lives. In fact, for all eternity.
