## **Chart Patterns** Bruce Kamich

The **Bloomberg Market Essentials: Technical Analysis** series covers the key elements of the most widely used technical analysis tools. Using these fast-track resources, traders can come up to speed quickly on each method—what it is, how it works, and how to use it.

The third book in this series, *Chart Patterns*, gives traders the first step toward applying one of the oldest and most widely used tools in the market. Flags, head-and-shoulders patterns, double bottoms, and more are detailed to help the trader know when a breakout is coming or when a trend is continuing.

Bruce Kamich is a highly respected voice in the technical analysis community, coauthoring the widely read Morgan Stanley Smith Barney *Daily Technical Market Letter* publication.
