The Domestication of Martin Luther King Jr.: Clarence B. Jones, Right-Wing Conservatism, and the Manipulation of the King Legacy

Clarence B. Jones, close King advisor and draft speechwriter, has done much to reinforce a conservative hijacking of King's image with the publication of his controversial books *What Would Martin Say?* (2008) and *Behind the Dream* (2011). King emerges from Jones's books not as a prophetic radical who attacked systemic racial injustice, economic exploitation, and wars of aggression, but as a fiercely conservative figure who would oppose affirmative action and illegal immigration. *The Domestication of Martin Luther King Jr.* offers a critique of Jones's work and the larger effort on the part of right-wing conservatives to make King a useful symbol, or the sacred aura, in a protracted campaign to promote their own agenda for America. This work establishes the need to rethink King's legacy of ideas and activism and its importance for our society and culture.
