Pilgrimage, Politics, and International Relations: Religious Semantics for World Politics (Culture and Religion in International Relations) Mariano Barbato

Pilgrimage, Politics, and International Relations addresses issues of global politics, from cooperation to conflict, and shows how a religious metaphor, the pilgrim, can help us to rethink our concepts of self, agency, and community in a time of changing world order. Making a standout contribution to post-secular IR theory and drawing on constructivism and the English school, this book presents a novel take on the concept of pilgrimage to explore political, sociological, theological, and philosophical thinking.
