## **Howards End** E. M. Forster

A vibrant portrait of Edwardian England, *Howards End* examines personal relationships and conflicting values. The Schlegel sisters, Margaret and Helen, and their brother Tibby, place their values in civilized living, music, literature, and conversation with their friends. The Wilcoxes, Henry and his children Charles, Paul, and Evie, are concerned with the business side of life and distrust emotions and imagination.

The two families are brought together by an inheritance dispute over Howards End, a charming country house in Hertfordshire which belonged to Henry Wilcox's wife. Through romantic entanglements, disappearing wills, and sudden tragedy, the conflict over the house emerges as a symbolic struggle for England's very future.
