## **Surviving the Death of Money: The Prepper's Guide to Survive the Coming Economic Collapse (Survival for Preppers) Neil Ross**

This book contains detailed steps and guidelines on how to survive the death of money and the coming economic collapse through preparation.

It will show you that there exists a pattern in the recurring economic turmoils and the next interval is due in less than a decade if not earlier. The question is: are you prepared?

Out of all the reasons for preppers to accumulate stockpiles and to train in survival skills, the most probable event is neither nuclear fallout nor a natural disaster. What event that has repeated not once but thrice in modern history that can cause such a collapse? An economic crisis looms in the horizon and every prepper has begun to prepare for it.

In the recent past, the world market came to a screeching halt, buyers can no longer buy and sellers can no longer sell. In the near future, simple purchase for commodities will be impossible.

If you want to prepare for the collapse but do not know where to start, then this book is for you. This book contains the basic and essential items that you will need to survive for a few weeks to several years.

If you want to prepare for a world where money has no worth, then this book is for you. This book lists down the best storages for worth and value other than money. Alternative storages are intrinsically valuable items or hard assets. It will also tell you ways on how to preserve and secure them.

If you want to prepare for a world in disorder or chaos, then this book is for you. This book shows you how to become independent as the world tries to recover from the collapse. It includes self-defense, self-sufficient and self-preserving methods to increase your chances for survival.

If you want to learn tips from experienced preppers, then this book is for you. This book shares with you the many insights from preppers, who are now preparing for the coming death of money.

I hope this book will be able to prepare you for the coming economic collapse. There is no way of exactly knowing when money will die but preparing for it is under your control.
