Convenient and easy-to-use, this book of flashcards provides the perfect method for students to prepare for upcoming tests or to review difficult concepts. Each card includes a question on the front and an answer on the back, as well as a hole in the top corner, to aid in making a custom deck or organizing the cards on a ring. The ECGs Made Easy Study Cards feature an anatomy review and plenty of practice for basic arrhythmias and 12 lead strips, randomized for real-world practice. It's the ideal study tool to accompany the ECGs Made Easy textbook with 500 additional and unique strips.

- Small and portable, the cards can be taken anywhere for instant practice.
- Full-color design engages the reader and makes important information stand out.
- Cards cover the same material as the textbook, but with brand new practice strips, making them a great tool for use on their own or with the book (text is also available in a convenient combo package).
- The first 50 cards review anatomy/physiology and electrophysiology, making it easy to review the basics.
- A total of 400 cards devoted exclusively to dysrhythmia recognition provide a significant amount of practice with complete answers.
- 50 rhythm strips for 12-lead interpretation are also included.
