## Historical Dictionary of Nietzscheanism (Historical Dictionaries of Religions, Philosophies, and Movements Series) Carol Diethel

Few philosophers have been as popular, prolific, and controversial as Friedrich Nietzsche, who has left his imprint not only on philosophy but on all the arts. Whether it is his concept of the übermensch or his nihilistic view of the world, Nietzsche's writings have aroused enormous interest, as well as anathema, in scholars for centuries.

This third edition of *Historical Dictionary of Nietzscheanism* covers the history of this philosophy through a chronology, an introductory essay, appendixes, and an extensive bibliography. The dictionary section has over 400 hundred cross-referenced entries on his major writings, his contemporaries, and his successors. This book is an excellent access point for students, researchers, and anyone wanting to know more about Friedrich Nietzsche.
