## **Deferring the Self (Studies in Social Sciences, Philosophy and History of Ideas)** Szymon Wróbel

This book is a result of studies on psychoanalysis, politics, and art. The topics in this book range from populism, the limits of the political, identity, melancholy, the peculiarity of psychoanalytical interpretation to the connection of theatre and politics. Psychoanalysis is a form of practicing personal truth, which needs to be one's own and which is not a result of anonymous discourse. Politics is the practice of being with others; it is the cultivation of antagonistic relations with others. Art is the practice aiming at giving one's life the mark of something unique, it is the very practice of life.
