## **Owned For The First Time**

Naive and shy bookworm William is sent to live with his reclusive billionaire guardian after the tragic death of his parents. He quickly finds out that not everything at the Richmond estate is as it seems on the surface.

As the pack leader of the Sanguis Clan, his guardian, Jameson Richmond, is just the alpha to teach young innocent William the ways of the pack and the carnal pleasures of the flesh.

### **Excerpt**

In less than one month, his life had changed irreversibly and not by choice. William pushed his glasses back up his nose as he walked faster down the empty hallway.

William reached the end of his journey just outside Jameson's library. The door was slightly ajar and he could see two male figures moving against each other in front of the dancing flames of the fireplace. It was the most shocking, the most shameful, the most arousing sight the young innocent man had ever laid eyes upon.

His breath caught in his throat and he dared not breathe as he silently watched Jameson mount Randolph, his right hand man. They were on their hands and knees in front of the fireplace, Randolph's face was twisted in pleasure as Jameson pounded mercilessly into him. William stood, frozen in shock behind the door. His pulse quickened and William silently warred with himself. Shouldn't he turn away? Why couldn't he stop watching them?"

## **Shared For The First Time**

Though he came back with critical information, Randolph knew that Jameson would be angry with him. He had deliberately disobeyed orders to stay away from the area and to avoid the Lupis Lycans. It was the alpha male's duty to show him his place.

After he closed the heavy door that lead down to the dungeons, he found a furious Jameson waiting for him

in the main hall.

Randolph knew that he was in for the punishment of a lifetime tonight.

### **Excerpt**

William opened the bedroom door and stopped short at the sight in front of him.

He felt like an intruder.

Great... Why was he always walking in on them?

He gasped in shock at the sight of Randolph, bent over in submissive posture, his hands clenched tightly in fists.

Various lash marks striped his pale flesh bright pink and William ached to cover the angry welts across his smooth skin with soothing kisses.

"Stay, William. Take off your clothes and sit on the bed. You need to see this," commanded Jameson as he doubled his belt.

## **Ravaged For The First Time**

Will young William learn to submit or will Jameson need to use an extra firm hand in teaching the young pup his new role in the pack?

### **Excerpt**

William stopped several steps away from the side of the bed. He kept his head down as he slowly unfastened the buttons of his nightshirt. The thin fabric dropped to the ground and he stood still as he awaited his Alpha's orders.

Clenching his hands into fists, William resisted the urge to fidget and cover himself as the elder werewolves rose from the bed and circled him.

He inhaled sharply and gasped as his Alpha touched his shoulder and ghosted his fingers over his nipples.

He let out a whimper and a low whine as the Jameson nipped his neck and whispered in his ear, "You can feel the bond in your blood, can't you?"

"Yes – of course."

The young male stuttered and shivered as Randolph pressed his hard body against his back.
