**Using Drupal, 2nd Edition** Angela Byron, Addison Berry, Bruno De Bondt

Take advantage of Drupal's vast collection of community-contributed modules and discover how they make this web framework unique and valuable. With this guide, you'll learn how to combine modules in interesting ways (with minimal code-wrangling) to develop several community-driven websites— including a job posting board, photo gallery, online store, product review database, and event calendar.

The second edition focuses on Drupal 7, the latest version of this open source system. Each project spans an entire chapter, with step-by-step "recipes" to help you build out the precise functionality the site requires. With this book, developers new to Drupal will gain experience through a hands-on introduction, and experienced Drupal developers will learn real-world best practices.

- Learn Drupal's concepts and building blocks, and how everything works together
- Hit the ground running—build your first Drupal site hands-on
- Explore solutions that meet each project's requirements, and discover why specific modules were selected
- Understand the projects through case studies, including the client's needs and desires
- Learn how to configure modules with a bird's-eye view of how they work
- Discover new modules, including Drupal Commerce, Media, and Workbench

#### **Andrew Purdie:**

As a scholar exactly feel bored to reading. If their teacher requested them to go to the library as well as to make summary for some guide, they are complained. Just small students that has reading's internal or real their passion. They just do what the professor want, like asked to go to the library. They go to presently there but nothing reading critically. Any students feel that reading is not important, boring along with can't see colorful pics on there. Yeah, it is to be complicated. Book is very important for you personally. As we know that on this time, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore this Using Drupal, 2nd Edition can make you really feel more interested to read.
