Why were our hunter-gatherer ancestors taller, more agile and strong? Why do most people today suffer with weight issues and several diseases? What did they do differently? Basically, our ancestors ate healthier whole, unprocessed foods. We, however, are obsessed with processed and conveniently available foods that lack nutrients. That is the main difference.

Do you want to know how to be more like our hunter-gatherer ancestors? Do you want to be in a better shape? This **Paleo cookbook** uncovers the answers you have been looking for.

Find out how you can use the Paleo diet to your best advantage. Learn how it can help you control your weight and improve your overall well-being.

Rather than just a cookbook however, this book offers a great insight on the Caveman diet as many people call it. Learn how you can successfully integrate the Paleo way of living to your own lifestyle. This is **Paleo** for beginners.

Many people think the diet is complicated. It can be complex but it can be simple as well depending on how you take it. **Paleo beginners** will find it easy to follow the plan laid out in this book as it offers step-by-step and day-to-day program to jumpstart **Paleo weight losss** and send you on your way to improved health. This is not only meant for **Paleo vegan** dieters. The recipes include **Paleo vegetarian** as well as meat-based recipes that you will enjoy preparing and eating.

Going through this 14-day meal plan, you will realize that you can survive without the things you usually consume like high carb foods, processed foods as well as grains and legumes which only prohibit the absorption of nutrients in our body. Much like our ancestors did, we can also survive on plant and animal-based foods and sea foods alone. In fact, this balanced diet can help us thrive. After 14 days, you will feel the Paleo difference and you'll be happy you gave it a shot.
