Trees and other Poems by Joyce Kilmer – COMPLETE EDITION - "Trees" is a lyric poem by American poet Joyce Kilmer. Written in February 1913, it was first published in Poetry: A Magazine of Verse that August and included in Kilmer's 1914 collection Trees and Other Poems. The poem, in twelve lines of rhyming couplets of iambic tetrameter verse, depicts a feminine personification of a tree pressing its mouth to the Earth's breast, looking at God, and raising its arms to pray. - Kilmer is most remembered for "Trees", which has been the subject of frequent parodies and references in popular culture. Kilmer's work is often disparaged by critics and dismissed by scholars as being too simple and overly sentimental, and that his style was far too traditional and even archaic. Despite this, the popular appeal of "Trees" has contributed to its endurance. Literary critic Guy Davenport considers it "the one poem known by practically everybody." "Trees" is frequently included in poetry anthologies and has been set to music several times—including a popular rendition by Oscar Rasbach, performed by singers Nelson Eddy, Robert Merrill, and Paul Robeson.
