How We Became The American Zombies Max Meeks

This book is a colorful commentary on how America has ended up so lost in the dark, and suggests what to do if you're one of many Americans seeking a solution. Remaining in denial about the sad state of our nation and seeking relief through temporary chemical escapes is only worsening the situation for everybody....except....for the billionaires. This book provides a massive dose of truth and logic to transform hopeless people into the biggest nightmare of all billionaires....a fearless and informed public. It's long overdue that men and women with good consciences strike fear into the hearts of men that worship only more....more money....and more power. Humanity has allowed a morally bankrupt minority to dictate the direction of our lives into ever worsening circumstances for the majority of people. This book explains how greedy men have accomplished this, and explains exactly how the masses can regain our God-given rights to determine our own destinies.
