Excerpt from The Ancient and Present State of the County and City of Waterford: Containing a Natural, Civil, Ecclesiastical, Historical and Topographical Description Thereof

To remedy this evil, and to collect materials for a natural and civil history of the several counties of this kingdom, are the designs of the society. As their labours tend to the making useful discoveries, for the improvement of husbandry, trade and manufactures, which may, in time, employ our poor at home, and be an invitation to industrious foreigners to settle among us; it is presumed, as your excellency has the true interest of this kingdom at heart, the design will meet with your favourable protection.
