What can I do to help?

Each chapter provides weblinks to organizations working with these children as well as real solutions, actions that you can take now to help these children not only survive, but succeed.

By 2010, there will be 25,000,000 AIDS orphans! Left alone, they will be uneducated, disenfranchised, and unwanted: ripe candidates for radicalization and exploitation by dictators and terrorists. If good people like yourself do not reach out to these children so they can get love, an education and set up in some profitable enterprise, civilization will deteriorate to a point that you will not even recognize it.

"This book is an inspiring gem of human caring for human. Particularly, the last chapter is beautiful and inspiring. It is very clearly written, and for the ordinary reader, and yet it is a fully documented scholarly work." -Bob Rich, PhD, author *Cancer: A Personal Challenge*

100% of all profits from this book will go to help the Child Headed Households
