The story you are about to read is true. The names of the people and the organizations involved have not been changed. The author's main objectives in writing this book are to make the readers think about what is really happening in the world; to challenge their cherished or preconceived ideas and to reveal to them many shocking facts that have been deliberately and meticulously purged from public consciousness in recent decades. As Daniel Webster once put it: "There is nothing as powerful as truth and often nothing as strange." ... That civilization is presently faced with its greatest crisis of the Ages is beyond question. But why? These effects didn't just "happen" - they were caused! Something - some force - brought them into existence and sustains them. In the following pages we will take a penetrating look at the Effects and present some startling evidence regarding the Causes for these Effects - evidence that may totally revolutionize your outlook on world events... hence the subtitle of this book, The Missing Dimension in World Affairs. --- excerpts from book's Introduction
