The Available Parent: Expert Advice for Raising Successful, Resilient, and Connected Teens and Tweens Dr. John Duffy

We have a tendency today to over-parent, micro-manage, and under-appreciate our adolescents. Dr. John Duffy's *The Available Parent* is a revolutionary approach to taking care of teens and tweens. Teenagers are often left feeling unheard and misunderstood, and parents are left feeling bewildered by the changes in their child at adolescence and their sudden lack of effectiveness as parents. The parent has become unavailable, the teen responds in kind, and a negative, often destructive cycle of communication begins. The available parent of a teenager is open to discussion, offering advice and solutions, but not insisting on them. He allows his child to make some mistakes, setting limits, primarily where health and safety are concerned. He never lectures — he is available but not controlling. He is neither cruel nor dismissive, ever. The available parent is fun and funny, and can bring levity to the most stressful situation. All of that is to say, there are no conditions to his availability — it is absolute.
