An Illustrated Review of Anatomy and Physiology: The Lymphatic/Immune System (Illustrated Review of Anatomy & Physiology Systems) Glenn Bastian

This is one of a series of ten workbooks which are designed to supplement texts in anatomy and physiology, serving as a quick and efficient study review for nursing and allied health students, or to supplement other courses that cover the body's systems. Each book covers one system of the body, with this text looking at the lymphatic and immune systems. The series consists of labelled images, accompanied by descriptive text and exercises.
