The Beatles Unseen Archives Tim & Clayton, Marie Hill

This is a collection of rare Beatles' photos taken from pre-1964 to a period 'after the Beatles.' Each chapter of the book is titled after a Beatles' song (e.g. chapter four is titled "Hello Goodbye"). The photos have descriptions beside them giving an explanation of what is going on in the pic, where it might have been taken, who is in the pic, and other facts that might pertain to the pic such as record stats, radio shows, TV programs, etc. Periodically throughout this book a chronology of a certain year (i.e. 1968) will be shown. The chronology explains what happened on certain dates or days in that year. For instance, in the 1968 chronology, on 23 August it states "Ringo quits the Beatles during the recording sessions for the White Album." The book contains 600 photographs selected from the archives of the 'Daily Mail.' The book contains over 200 photographs from negatives never previously printed and are said to be printed here for the first time. The pictures in this book are pics taken at parties, vacations that each Beatles member took alone, or together, recording studio shots, candid shots (some of these are just plain terrible, but fun to see), and many other various settings. This is a great book for Beatles' fans, and a must for hard core Beatles collectors.
